MEMORANDUM FOR:

[Redacted]
Acting Chairman, Interagency Group/Counterintelligence

25X1

FROM:

[Redacted]
Director, Community Counterintelligence and
Security Countermeasures Office

25X1

SUBJECT:

Suggested Items for IG/CI Meeting to Aid in Preparation of
Second Biannual Report for the President on the
President's Report

REFERENCE:

Memo to Acting Chairman, IG/CI, DCI/ICS 0881-87, 18 June 1987
subject: Need for Formal Meeting of IG/CI

1. Attached is a copy of the taskings and responses provided in the first biannual report for the President on the his "Report to the Congress on the Nation's Counterintelligence and Security Countermeasures Plans, Programs, and Capabilities." They have been colocated to provide easy association and reference for preparation of the second biannual report. The order has been rearranged to provide closer association of topics and permit a tighter, more inclusive response.

2. The first biannual report was prepared largely with FBI, CIA, and DoD participation with some input from State. These four, along with NSA and DoJ, remain the primary participants and those on whom the greatest burden is levied for action and response. It is suggested that the IG/CI form a task force of the four major players to draft the second biannual report, with assistance and input as needed from NSA and DoJ and any other IG/CI members who might make a meaningful contribution.

3. Per DCI instructions, the second biannual report should identify any IG/CI taskings on which action has not been initiated and provide an explanation as to why this is so.

4. Along with the attached breakdown of the taskings and responses are suggestions of what is needed for the next report. If you agree, a package of the attached can be assembled for distribution to the drafting task force only to assist them in their work.
